WORK AT THE STATION

Experiments in Cattle Feeding
Made at the State University.

The Experiment Station is now conducting a feeding trial for the fourth season. The first winter pigs were fed for twenty-one days on alfalfa hay and water, when roots, whole corn and whole pease were added, the results are given in Bulletin No. 40.

The second winter steers were fed largely on alfalfa hay. Cracked corn with bran were fed to such animals as would eat it. Photographs were taken of the live animal and dressed meat; also the number of pounds of dressed meat per hundred pounds of live weight were determined. The above figures will be found in Bulletin No. 41. One year ago steers were fed on alfalfa hay, ground corn, ground pease and ground barley. The present winter we are feeding steers on alfalfa hay, ground pease and ground wheat.

All residents of the State can obtain the above bulletins without cost by addressing the Experiment Station, Reno.

Reno Nevada.

The future of Nevada will be made by its people. Whatever its future may be will come from their action. Should our future course be honorable the State will take a commanding position among the States, where it should occupy, and will cease to be a bye-word to represent a degraded commonwealth, whose people, morally and socially, are classed as political outcasts. There is a cause for our degraded relation among our sister States. The effects we see, know and feel keenly, but they are continued, to our humiliation, and will be until the better class of our citizens have concluded thus far and no further.

When we have concluded to act for the interest of our State and for the best interests of its people, by securing good government at home and honorable representation abroad, we will be on the highway to an honorable and self-respecting position at home, which will give us a character for respectability abroad. A character for uprightness which is ever a result of honorable manhood, will not come to us by pursuing the course there has been followed, largely by force and intimidation, if we like to state it so, because it is within the truth.

There will come a time when the people will gather themselves together to meet the degrading results that flow from their neglect of the first duty there is connected with good government, which is the direction of their State political affairs. When the people have determined to care for the business of the State, which is a care they have seemingly passed into the hands of those who make it their business to dispose of State government and its finances at pleasure, they will have arrived at the only conclusion there is that will furnish a solution of the rotten borough inigma.

We have said rotten borough inigma because it is an obscure and low condition made prominent to serve ends supported by low and dastardly methods. Those of us who have been in the State more than a third of a century and have had something to do with laying the foundation of its future, will conclude, upon observation, there is not much in sight to sustain a feeling of just pride over our work.

There is not a man in the State who is better informed than the writer upon the causes that have brought upon the State its humiliation, which information leads to an opinion that a removal of the causes can be and will be accomplished by positive work by our best citizens who have an abiding respect for themselves and the State.

Political parties are intended to be and should be a means to procure good government by the people and for the people and for them only as all matters of interest will receive ample protection when government is sustained and administered for their good only. When government is administered for the good of the people it will be as it must be to secure their good, just and honorable. When government is just property rights and all other rights will be secure. When honorable, it will be frank and the people will understand it because they will direct it.

There will be no cunning secretive or disreputable methods connected with it. When the people become patriots in government as most of us now are in gun powder they will govern. The demand for patriotism in government is always present and is superior to any demand there is connected with patriotic duty. It is included in the aphorism "vigilance is the price of liberty." Patriotism in gun powder is periodical and comes to the front with the explosiveness there is in gun powder.

It is a force in the human mind that takes possession of body and soul and controls both to the exclusion of reason when the cause is great. When we have reflected over the condition of our unfortunate State politically, there is not a true man in it who will not say there is need for a little gun powder patriotism in politics by the people in connection with good government patriotism. We cannot have too much of the latter and a little of the former to stir up the latter would be a good thing.

JONES' AND STEWART'S VOTES EXPLAINED.

When the writer had taken in review the public statements made by Senator Stewart on questions pertaining to territorial government he was unable to discover upon any reasonable grounds the cause for his vote favoring the passage of the Porto Rican bill, but an explanation is made of his course in the late election of directors for the Southern Pacific Company. The election of Searles of the sugar trust to the directorate of the company gives an explanation of the affirmative action of both Jones and Stewart who voted for the bill.

The Senators obey the orders of their owners as implicitly as Admiral Dewey says he obeyed the orders of his superiors, which obedience by the Admiral was legitimate and right and led to command and fame, but—excuse us it is too filthy.

Organization of Stockmen.

R. W. Parry and a number of other Pacific coast men interested in the stock business are perfecting an organization to be known as the Pacific Stockmen's Association. Mr. Parry has obtained a very respectable list of membership from this locality. John Sparks will serve as executive committee member from this State.

The organization is intended to cover at least Oregon, Nevada, Arizona and California, for the mutual protection and welfare of the cattle raisers of that territory. This large and important industry has never been organized on this coast before.

It is the intention at the regular meetings of the association, to be held in different parts of the territory, to discuss all questions of interest to this industry, and by united and intelligent action give full force to the influence it ought to have in matters favorable to its interests.

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo. lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with Typhoid Fever, that ran into Pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of Consumption, when I heard of Dr. King's New Discovery. One bottle gave relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all Throat and Lung Trouble. The First Skirmish.

Last evening the office of Col. Maxson was the scene of the first hostilities of the political campaign. It was a little internecine strife in which no one was badly hurt except in aspirations. It was learned on the outside that considerable friction developed between what will be probably known as the Flanagan and Summerfield factions. To-day the fight will be on in earnest.

RELIEF SCHEME ABANDONED

Special to the JOURNAL.

SAN FRANCISCO, April 6.—This afternoon C. P. Huntington met the grievance committees from the various brotherhoods of the Southern Pacific railway regarding various matters. The most important was the insurance scheme, which has received such criticism during the past two months. Mr. Huntington pledged his word to the committees that the scheme would be absolutely abandoned at once. He received hearty cheers on announcing his decision.

On the Warpath.

Special to the JOURNAL.

TUCSON, Arizona, April 6.—A serious outbreak of Apache Indians is again threatened. J. D. Mack, a mining man, was shot last night in Pinery canyon of the Gallura mountains just outside the reservation, where he was ambuscaded by the Indians. But one shot was fired and the mining man was left for dead by the Apaches. A report was received here to-night that other settlers had been killed by the Indians.

The Earth Trembled.

Special to the JOURNAL.

SEATTLE, April 6.—A tremendous upheaval, accompanied by a wonderful change in the contour of the region, has occurred in the Mount Baker district. What was once a valley and the bed of the Nooksack river is now a hill seventy feet high. The noise of the upheaval was heard at Hamilton, ten miles away. There are cracks in the mountain large enough to engulf a horse and wagon.

A Nevadan's Death.

Special to the JOURNAL.

JAMESTOWN, April 6.—Frank J. Laveaga was killed by a fall at the Opp mine this afternoon. His skull was fractured and he died in an hour. Laveaga was born in Winemucca and was aged 28 years. He leaves a wife and child.

As pretty a little bit of politics as has been seen in many moons was wrought out last night at the meeting of the Republican county central committee and voters of that ticket generally.
Upon the surface there was no lack of unanimity, sweet content and bon homie. Beneath the placid exterior there was a little squirming by the other faction but the bitter medicine was swallowed and pronounced nectar.
Colonel Maxson called the meeting to order. It seems that it was an adjourned session. The preceding assembly was by a party of four, which Sardinia Summerfield presided over night before last in a room at the Palace hotel. However, this is only hearsay.
After Colonel Maxson finished his little talk, Senator Flanigan took the floor. He announced his willingness to attend the national convention "on general principles." When he had finished speaking he drew a slip of paper from his vest pocket.
These names were on the slate:
D. C. Wheeler, J. M. Fulton, Henry Anderson, Chas. Kaiser, A. W. Cahlan, Frank King, James Sullivan, George Galling, James Sutcliffe and O. T. Bender.
Without debate, without dispute, without a slip of a cog the list was hilariously adopted. Mr. Flanigan will doubtless attend the convention. R. L. Fulton also made a speech.
No resolutions were passed and the stalwarts filed out and homeward to gain a little refreshing sleep before attacking the ballot box. It looks to a man up a tree that there will be another ticket in the field to-day.

A. R. De Fluente, editor of the Journal, Doylestown, Ohio, suffered for a number of years from rheumatism in his right leg, shoulder and side. He says: "My right arm at times was entirely useless. I tried Chamberlain's Pain Balm, and was surprised to receive relief almost immediately. The Pain Balm has been a constant companion of mine ever since and it never fails." For sale by Wm. Pinniger.

The Washoe Lunch Counter has firmly established its reputation in Reno as a first class eating house. At any hour of the day or night you are assured a hearty meal at Blook & Olafsen's.

We have saved many doctor bills since we began using Chamberlain's Cough Remedy in our home. We keep a bottle open all the time and whenever any of my family or myself began to catch cold we begin to use the cough remedy, and as a result we never have to send away for a doctor and incur a large doctor bill, for Chamberlain's Cough Remedy never fails to cure. It is certainly a medicine of great merit and worth.—D. S. MEARLE, General Merchant and Farmer, Mattie Bedford county, Pa. For sale by Wm. Pinniger.

It is very hard to stand idly by and see our dear ones suffer while awaiting the arrival of the doctor. An Albany (N. Y.) dairyman called at the drug store there for a doctor to come and see his child, then very sick with croup. Not finding the doctor in, he left word for him to come at once on his return. He also bought bottle of Chamberlain's Cough Remedy, which he hoped would give some relief until the doctor should arrive. In a few hours he returned, saying the doctor need not come, as the child was much better. The druggist, Mr. Otto Scholz, says the family has since recommended Chamberlain's Cough Remedy to their neighbors and friends until he has a constant demand for it from that part of the country. For sale by Wm. Pinniger.

Preparing to Mine.
Next week work will be begun in earnest on the mammoth silver ledge recently discovered in Cedar district. A small force will be put to work running a crosscut on the ledge to determine the best place for sinking the working shaft. The ore has been given a number of critical tests and it has been discovered that it can be successfully treated by the cyanide process. The pay streak is probably 20 feet in width and carries from 30 to 130 ounces in silver and from \$2 to \$10 in gold.

Boer and Briton.
A large audience in the high school school building last evening enjoyed Rev. Samuel Unsworth's lecture on the situation in the Transvaal. The speaker handled the topic from the standpoint of a British-American. The proceeds of the lecture were devoted to the high school apparatus fund.

Olympian Contest.
When the train arrives from the west this morning there will be an enthusiastic crowd of University people and townfolk to welcome the young athletes from Stanford University. The cadet band will discharge harmonies and U. of N. flags will wave.
The massacre will take place at 1:30 at the fair grounds. A large attendance is a foregone conclusion, as it is well known that there will be a splendid exhibition of strength and skill. The Stanforders are a strong aggregation, but they will find the Sagebrushers pretty hard nuts to crack. The home team is in the rose tint of perfection. Records will be smashed to a certainty.
The contending teams will be composed as follows:
Stanford—Naramore (captain), Polard, Smith, Hawley, Lyons, Brooke, McCaughern, Parker, Beach, Dole and Nikirk.
Nevada—Moorman (captain), McCarran, Brule, F. Smith, B. Smith, C. C. Smith, Jameson, Roberts, Mack, Jones, Stubbs, Richards, Kornmayer, Springmeyer, Packard, Ward, Tobin and Case.
The events will consist of 100, 220 and 440-yard dashes, mile and half mile runs, high jump, broad jump, pole vault, 120 and 220-yard hurdles, shot put and hammer throw.
The fat men's race between Hunter and Grey is not on the printed program, but will undoubtedly take place. The following are the officers chosen: Referee—Henry Thurtell. Judges at Finish—Sam Mozingo, R. B. Hawcroft and Professor Blessing. Field Judges and Measurers—C. P. Brown, Professor Ross and W. W. Hunter.
Timers—Professor Lewers, R. C. Leeper and A. F. Cunningham. Starter—Professor Wilson. Clerk—J. Giles.

Gardnerville Courierlets.
Nearly one-half the children in Gardnerville school district are down with whooping cough.
H. F. and Wm. Dangberg paid the \$200 reward which they offered for the arrest of Joe Pete to Wm. Johnson last Monday.
Arrangements are being made to flume a big lot of wood out of the James canyon, north of Genoa. It will be sent down the Carson river in a drive. Common pine wood is now selling for \$7 a cord in Carson. A year ago it was worth \$5 a cord.
Joe Pete said at Genoa the other day that he was in the Indian camp in Alpine county when the party of thirty men searched the camp for him. He said he made a hole in the ground and another Indian laid on top of him while the search was going on. The story sounds rather fishy.
The Monarch saloon company has received a large consignment of Anheuser-Busch beer.

Illegal Shooting of Wild Horses.

In violation of the law enacted by the Legislature of '97, some one is killing wild horses in Douglas county without going through the formality of obtaining the necessary permit from the county commissioners, says the *Gardnerville Record*. Complaints are made that valuable horses are shot on the Pinetree range, simply for what the hides will bring. At the Buckeye mines, owned by the Raycraft brothers, the men have been subjected to the nuisance of either having to bury or move the skinned carcasses of some 20 horses, which were shot almost at the doors of their cabins, in defiance of law and regardless of value or brands. It is learned in Genoa that no permit has ever been granted in this county for the killing of wild horses, and it is said that but one man in Lyon county has obtained that privilege.

The Comstockers Should Celebrate.

The exchange editor has looked in vain for something like the following in the columns of the *Virginia Reporter* or *Territorial Enterprise*:

"The installation of cheap power on the Comstock, which will take place on or about the 6th of July, is an event of such extraordinary importance to the people of Virginia and Gold Hill that the occasion will be celebrated by a trans-mountain edition of the California festa. On that day the fatted calf will be served up to the vast crowds that will attend the obsequies of Hard Times. Excursion trains will be run and bands will play. There will be a parade by day and a procession by night."

It is hoped by the exchange editor of the *JOURNAL* that the oversight on the part of the editors of the two Virginia papers will be corrected without delay.
